Really good soundtrack. Maybe not that good as the one from the Clannad game, but still "Hope" or "Memories" or "Light Colors" are really great. Makes this visual novel a really great game <3. They better have the music scores of the opening and ending for Bb instruments.. Great music.

Thanks, Key!. The VN had great music, so I decided to buy this soundtrack after playing it through.  
It's a wonderful life.

This product contains:

The album's booklet in Japanese, which includes also the lyrics and musical scores of the opening and ending themes, the musical staff's comments on each track, and small bios of the musical staff.

All the music tracks in the VN with additional version, both FLAC and MP3
